¹A placement examination in keyboard skills determines the student's placement in the Class Study in Piano courses.

**Students can take the major area (WW/Brass/Perc) with which they are less familiar first to gain more experience in lab ensembles. However, WW players planning to gain additional skills on a 2nd WW, might choose to take that area first. 3580 must be taken concurrently with each tech course (3500-3550).

++Alternate year courses. String players take 3690 (or 4900A) and 4640. WW/Brass/Perc players take 3680 and 4640.

^cThese courses which appear in the same semester must be taken concurrently. You must be admitted into the teacher education program before you can sign up for Music 4800K.

The LAS world language requirement must be met. The U.S. diversity and international perspectives requirements are automatically met with courses required for this degree option.

Flexibility in scheduling: Many **general education** and **education** courses can easily be taken in different semesters than indicated as well as in the summer. Music courses are best kept in the order/semesters indicated. (Most music courses are offered one semester each year.)
