¹A placement examination in keyboard skills determines the student's placement in the Class Study in Piano courses. Students with a concentration in piano or organ do not take class piano.

²Lab Ensemble is required every semester offered: Fall and odd springs.

^cThese courses which appear in the same semester must be taken concurrently. You must be admitted into the teacher education program before you can sign up for Music 4800K.

++Alternate year courses; The usual semester of offering is indicated by the calendar year (odd or even) of the semester. Consult the current catalog and the department web site for up-to-date information about semesters courses are offered. Psych 2300 and 3330 are offered every semester; when they are taken is determined by the schedules of the alternate year music courses.

The LAS world language requirement must be met. The U.S. diversity and international perspectives requirements are automatically met with courses required for this degree option.

Flexibility in scheduling: Many **general education** and **education** courses can easily be taken in different semesters than indicated as well as in the summer. Music courses are best kept in the order/semesters indicated. (Most music courses are offered one semester each year.)
