Make it fun and interesting!

An important note about allergies and facial hair You will not be able to have successful makeup applications in this class if you have facial hair. If you cannot shave due to a role in a play, or if you simply don't want to shave, you do have the option to bring in a model and apply your makeup project on that person for full credit. You cannot apply your makeup project on the instructor.

If you have skin allergies you may also bring in a model and apply your makeup project on that person for full credit.
